MARCH

“SOMETHING TO THINK ABOUT”

It's never the wrong time to discuss how your children feel with their friends?

Ask your children these questions.

- 1. Do you feel you have to behave a certain way to be accepted and to fit in?*
- 2. Do you feel like a fake? Are our family values being challenged by your peers?*
- 3. Does the group discourage you from making other friends?*
- 4. Does it seem like you always have to meet the approval of others in the group?*
- 5. Do you feel out of place with these people?*
- 6. Is it time for you to make new friends?*

Use these answers to have a positive discussion with your children.
